

# HIRAM

## Habitat

WALL PANELS

## Beetle

Made to look like the pathways created by beetles, this optical effect comes not from real beetles, but from an embossing machine. After embossing, the silver fir wall panels are treated with a light-coloured oil.

**Surface „Beetle wood“** | Silver fir rift and quarter-rift wall panels | Solid wood

Thickness x Width	20 x 130 mm
Length	2.30 m
Double end profile	Yes
Quality	No knots or small knots; occasional cracks or knotholes
Wood moisture	KD 12% +/- 2
Weight	460 kg/m <sup>3</sup>
Surface treatment	Embossed and oiled with hard wax oil Matt
Planing	Visible side
Application	Interior
